How We Work

Minimum Order

- The MOQ depends on the model, the level of personalisation and the requirements of the project.
- For selected standard models and projects we can offer reduced starting quantities - ask for your project MOQ.

Lead Time

- Stocked models: 2-3 days to your forwarder.
- Customised orders: about 15-20 days; some models in 7 days.

Warranty

- 12 months on the main unit.
- Accessories and consumables are generally not covered; damage from improper use is excluded.

Shipping Documents

- Manual, operation video, CE certificate and customs clearance documents are provided with shipment.

Training & Support

- Online operation videos and manuals included.
- Technical support by email and WhatsApp video; worn handpieces can be replaced with online guidance.
